### Health Scan Consent

We use a third party integration partner to provide a facial health scan. We require them to apply privacy and security standards that are comparable to ours. We will share your age, sex at birth, height, weight, smoking status, whether you're taking blood pressure medication, and your type of diabetes (if applicable) with this partner.

☐ I agree to share my information.

You're totally in control of your consent and can change it anytime in the Settings page.

Please select your consent preferences.

These consents are optional, and you can change your consent at any time by updating your preferences in the account settings.

Your plan sponsor may offer incentives or other promotions to encourage participation in and use of Health Connected. To support this, Health Connected generates engagement reports, which contain your information (name, employee ID, and email address) along with your completion status or progress related to certain Health Connected activities.

These reports will not contain information about your specific responses to assessments.

☐ I consent to my name, employee ID, email address, and activity progress being included in engagement reports viewable by my plan sponsor and Medavie Blue Cross.

☐ I would like to receive email reminders, tips, and notifications from Health Connected.
